Hi Guys,

Here is the latest report.

FAAF - Sophie Bathup

Comment :- Rigging was fantastic. They do have a bit of a hard time with Stabulo who are very demanding but they just get on with it which is excellent. A big "thank you" to Colin who went out of his way with all kinds of last minute work. The whole team are really friendly, always checking in with me to see what else they can do. I also had some great feedback from our space-onlies who told me how easy it was to get anything they needed done through Outback.

Achieved	90%
Target	70%
Variance	20%
